SUMMER READING REQUIREMENTS

A student's reading ability and enjoyment are the best guides to use when selecting a book. If the book is too easy, a reader does not grow. If the book is too difficult, a reader becomes frustrated. If a child enjoys reading a book, then it is likely to be suited for his/her ability. The Raider Reader Program is designed to reward students for reading books of their own choosing.

Upcoming PK-1st Grade

Students should listen as an adult reads aloud and/or read books on their own. Record the books that are read on the form including number of pages, author's name, and title of the book. Return the completed form to your teacher by Wednesday, August 11, 2021. To qualify for the Raider Reader Reward, students must read the required number of pages listed below:

Number of pages to read:

200 pages for students entering PK

250 pages for students entering Kindergarten

300 pages for students entering 1st grade

Upcoming 2nd-5th Grade

Students should choose and read books on their own. Then, record each book read on the form including number of pages, author's name, and title of the book. Then complete an AR test on each book. Return the completed form to your teacher on Wednesday, August 11, 2021. To qualify for the Raider Reader Reward, students must read the required number of pages listed below:

Number of pages to read:

350 pages for students entering 2nd grade

400 pages for students entering 3rd grade

450 pages for students entering 4th and 5th grades
